## TOT SPOT SWIM LESSONS

*Ages 6 months to 3-years-old*

Structured water adjustment class for parents and toddlers ages 6 months to 3-years-old. Parents will be taught holding positions and ways to acclimate their children to the skills they will be introduced to in the Learn to Swim program. Parents and children will learn through the guided activities and games provided by the instructor. This course DOES NOT teach infants to swim or survive alone in the water. A parent or guardian must accompany their child in the water. PLEASE REMEMBER all children in diapers must be wearing Li! Swimmers in the pool or have plastic pants over their diaper. Water temperature at NCWHS/NCHS is 78° F, which may feel cool. MIN/MAX: 5/10

# LEARN TO SWIM

Offered for children 3 years of age and up (the child must have turned 3 by the first day of class). Children must feel comfortable being in the water without a parent to be enrolled in this class. The station method is utilized to progress students through seven swim levels.

## ADVANCEMENT

If a student is able to pass the skills test for a particular level, he/she will move on to the next level. Students may pass to the next station any time during the first half of the session. If a student completes the skills test during the second half of a session, he/she will remain in the same class but will begin working on skills for the next level. Because not all students progress at the same pace, it may take a child more than one session to pass a skill level.

## COMBINED CLASSES

Due to low enrollment in some levels, it is sometimes necessary to utilize one instructor to teach more than one swim level.

## PARENT DAY

To keep parents informed of their children's progress in the lesson program, parents are invited to parent's day on the fourth day of the program. At this time, parents may get an up close and personal look at their child's progress from the pool edge. Parents are also encouraged to ask the instructor questions at this time. During all other class times, we ask that the parents remain in the seating area so the children's attention can be focused on the instructor, not the parent.

## TESTING DAY

**Participants must attend Testing Day.** Participants will get in the water for 5-10 minutes, with an instructor, to determine their level of skill. Lesson coordinators will use the information gathered from testing to place lesson participants into classes. Please bring child's most recent "pass card" from swim lessons. Tot Spot and adult participants **DO NOT** need to attend testing day.

### Fall Testing Day: Session I

**INTERNATIONAL LIFEGUARD TRAINING PROGRAM**

*Ages 15+*

On the cutting edge of aquatic safety, Ellis & Associates offers the most comprehensive lifeguard training program available. Participants will learn the water rescue, CPR, AED and First Aid skills required to be a lifeguard. Potential lifeguards for the summer may be selected from these classes. Although 15-year-olds may take this course, they will not be eligible for employment as a lifeguard with Normal Parks and Recreation.

**Note:** This lifeguard class is for certification purposes only. Passing this class does not guarantee a position at any aquatic facility. Participants must pass a swimming/skills test on the first day to continue in the class. Participants must be able to swim 200 yds. (8 lengths) continuously, tread water for one minute (without using their hands) and retrieve a diving brick (approximately 10 lbs.) from the bottom of the 12 foot pool. Additionally, an online e-learning course must be fully completed by the participant before the first day of class. Participants must provide their personal email address upon registration and will receive an email invitation with log-in instructions for the e-learning approximately 3-4 weeks before their class date. It will not be sent automatically upon registration.

THESE ARE THE ONLY CLASSES OFFERED BEFORE THE SUMMER SEASON BEGINS.

# BEFORE AND AFTER SCHOOL RECREATION PROGRAM

Grades K-5

Are you looking for a program full of recreational activities for your student before and after school? Normal Parks and Recreation offers a Before and After School Recreation Program (BSRP/ASRP) for the 2016-17 school year. The program will be offered at eight local Unit 5 Elementary School sites. BSRP is offered from 6:45-7:30 am (late start days are included). New this year - The Late Start Day only Program (LSDP) is offered from 6:45-8:30 am on Unit 5 Late Start Days. ASRP is offered from 2:30-5:30 pm. The program is designed to provide students with recreational, educational, and social opportunities in a safe environment. Students enjoy playground and gym time, recreation activities, games, crafts, and have the opportunity to start on homework. A light snack is offered during both BSRP/ASRP.

## REGISTRATION INFORMATION

Registration for remaining openings is currently taking place at the Normal Parks and Recreation Department, 100 E. Phoenix Ave. Registration for sessions 2, 3, and 4 will also take place at the Normal Parks and Recreation Office. If there are questions or concerns you may call our office at 454-9540.

Current participants must complete re-enrollment forms and submit them to the Normal Parks and Recreation Office during the indicated registration weeks in order to retain their space in the program. Current participants have one week to re-enroll. There will be no exceptions. A lottery system was used to complete initial enrollment for the 1st session of the 2016-2017 school year. We will continue to use a lottery system for any subsequent openings in sessions 2 through 4. New participants must submit forms each session to be a part of the lottery for any open spaces in the program.

If a new participant enters a form for the lottery, but doesn't get into the program, he/she will go on a waitlist for that session only. If openings become available, the waitlist family will be notified. Registration form deadlines/lottery dates for each nine week session are listed on the following pages. Any registration forms that are turned in after the deadline, will be processed after the lottery, and only if openings are available. Web-trac isn't an option for registration.

# MUSIKGARTEN

## MUSIKGARTEN FAMILY MUSIC FOR BABIES

*Ages newborn-15 months*

Bring your baby and join us in joyfully bathing your child in the sounds, rhymes and rhythms of a musical environment that will help their music potential grow and their developmental skills progress. What a delight to see the babies interacting with each other! Parents and grandparents learn how to engage musically with baby through bouncing and rocking songs, body awareness activities, dancing, moving and singing, that lovingly bonds you closer with your child. Family materials include a parent book, music CD and special bag with wooden baby instruments and a transparent scarf. Instructor is Mary Van Deven, Musikgarten Teacher.

**YOUTH DANCE PROGRAM**

**Creative Movement (CM) I (ages 3-4)** – Creative activities will introduce the basic elements of dance including rhythm & time, movement qualities & dynamics, space, and use of body. Basic dance vocabulary and concepts will also be introduced at an age appropriate level to prepare students for future participation in any type of structured dance class. MIN/MAX: 8/12

**Pre-Ballet (ages 4½-5)** – Classes introduce basic ballet vocabulary and movement skills while building a foundation for future progression in the study of ballet.

**Ballet 1 & 2 (ages 5½-7 and 7½-9)** – Classes emphasize the development of classical ballet skills with a focus on proper placement and alignment. Students will learn basic ballet vocabulary through barre and center work while building strength and flexibility.

**Tiny Tappers (ages 5-7)** – This NEW class will introduce your child to the very basic fundamentals of tap dancing. The goal of the class is to successfully instruct and help the participants to advance to the next level of tap as we begin to develop this new form of dance within our overall youth dance program.

**Class attire:** Girls should wear a black or pink leotard and pink tights and hair pulled back away from face. Ballet I & II hair should be in a bun. Boys should wear a solid color fitted t-shirt and black shorts or leggings.

**Footwear:** Ballet shoes or tap shoes

## INTRODUCTION TO KARATE

*Ages 13 years and older*

This martial arts class will have an emphasis on the “art” of martial arts. Participants will learn a variety of martial art concepts, self-defense techniques and skills, all while having fun in a positive, safe and encouraging environment. Over the course of the session, we will cover stances, focus, awareness, breath, body movement, balance, timing and yes - how to punch, block and kick.

The physical demands of the class will be light to moderate and the pace of each individual’s learning/training will be comfortable for all. We will not be breaking boards, screaming at each other or fighting (maybe some lite, controlled sparring). The overall goal of the class is to have fun, meet others and learn something about yourself and martial arts.

No karate uniform (Gi) is required, just wear loose fitting workout clothes (shorts or lite sweat pants and a t-shirt are fine). If you have a Gi, feel free to wear it. All ranks and styles are welcome, just understand the class is designed for beginners. MAX 16/MIN 6

## ANCIENT EGYPT

Learn how the ancient Egyptians lived, what they ate and how they dressed! We'll discuss pyramids and write on real Papyrus paper!

**Date:** Monday, October 10

**Activity #** 910432-01

## WIZARD ACADEMY

Calling all wizards! Join our wizard academy to hone your magical talents. Mix up potions, create your own wizard gear, learn simple magic tricks and more. Whether you love the Harry Potter series or just wizards and magic, this is the camp for you.

**Date:** Tuesday, December 27

**Activity #** 912432-01

## YOUNG AT ART

Learn about various techniques, art mediums and unique styles with the help of history's most famous artists. Join us as we explore different masterpieces and create our own artistic interpretations.

**Date:** Wednesday, December 28

**Activity #** 912432-02

## OFFICE SUPPLY ARSENAL

Do you like building things? Do you like projectiles? Join us for a day of discovery as we design and make our own arsenal out of office supplies and learn how to make them both accurate and precise!

**Date:** Thursday, December 29

**Activity #** 912432-03

## GET READY FOR NEW YEAR'S!

New Year's Eve is just a day away! Join us in making New Year's decorations, create your own party popper, and learn about New Year's traditions from around the world!

**Date:** Friday, December 30

**Activity #** 912432-04

## COLOR AND LIGHT

Learn how light breaks up into colors, the colors of the rainbow, mixing colors, and create colorful art!

**Date:** Tuesday, January 3

**Activity #** 901432-01

## CRITTERS IN WINTER

Where do all the bugs and animals go in winter? Spend the day learning about all the different adaptations that animals have to survive the freezing temperatures and design your own animal adaptations to survive the cold.

**Date:** Wednesday, January 4

**Activity #** 901432-02

## FLIGHT SCHOOL

Learn about Bernoulli's Principle and the physics behind flight! Birds, planes, insects, we'll learn the differences in flight and make kites, paper airplanes and more.

**Date:** Thursday, January 5

**Activity #** 901432-03

## SPY DAY

Spend the day making spy gear and completing a spy training course! Make invisible ink, learn secret codes and more.

**Date:** Friday, January 6

**Activity #** 901432-04

## KID CONSTRUCTION

Campers will spend time in the Maker Space to learn tool safety and usage. Each camper will build with real construction materials and make a project to take home!

**Date:** Monday, January 9

**Activity #** 901432-05

## TIME TRAVEL

Go back in time as we visit important events in history! Nothing's off limits as we dive into medieval times, the world of Vikings and much more!

**Date:** Monday January 16

**Activity #** 901432-06

## LEGO MANIA

Back by popular demand! Join us for a day filled with endless LEGO fun. We will be making Lego prints, exploring principles of engineering and physics with building, creating our own mini figures and more.

**Date:** Friday, February 17

**Activity #** 902432-01

## 3-D ART

Discover different types of sculptures you can make. We will work with wire, clay and other materials to make things only you can imagine.

**Date:** Monday, February 20

**Activity #** 902432-02

## WEATHER

Did you ever wonder how our weather occurs? We will learn about lightning through the use of our Van de Graaff generator, learn how tornadoes form, and make weather instruments to try at home.

**Date:** Monday, March 27

**Activity #** 903432-01

**PUPPETS**

Who knew that there were so many types of puppets! Join us as we make a variety of puppets and then practice putting on your own puppet play!

**Date:** Tuesday, March 28

**Activity #** 903432-02

**FARM TO TABLE**

Join us as we learn about agriculture, plant vegetable and herb seeds to start your own garden at home, learn how to make butter, and more!

**Date:** Wednesday, March 29

**Activity #** 903432-03

**WEARABLE ART**

Art isn't just for walls and museums. We will spend the day learning about different techniques to make art you can wear. You can make and design a costume or create accessories for every day. The possibilities are only limited by your imagination!

**Date:** Thursday, March 30

**Activity #** 903432-04

**IT'S ELECTRIC!**

We will spend the day learning about circuits, connecting wires to make circuit quiz boards and more!

**Date:** Friday, March 31

**Activity #** 903432-05

**CRASH TEST LAB**

Have you always wanted to crash or smash things in the name of science? See science concepts in action as we launch, drop and smash creations in this fun and exciting camp.

**Date:** Friday, April 14

**Activity #** 904432-01

**BUGS, BUGS, BUGS**

Spring is here and the bugs abound. We will learn about the difference between true bugs and all the other insects we call bugs. Weather permitting we will go outside and see what bugs we can find and learn to identify them. We will also create our own super bugs!

**Date:** Monday, April 17

**Activity #** 904432-02

**ART STUDIO**

Our art studio set-up now follows a TAB (Teaching Artistic Behavior) model, and offers five different media centers, books, and art starters to explore! These centers follow monthly themes. The Studio offers something for all ages and stages of art!

**ART STUDIO FREE FAMILY PROGRAMING**

**September, 2016- May, 2017**

**Saturdays 10:00 am-1:00 pm**

Stop by the Art Studio each week for FREE programming designed around a topic or technique.

**SEPTEMBER THEME: THE ART OF TEXT**

Free Programming/Drop-in Class  
9/24-Illuminated Letters

**OCTOBER: DISTORTIONS**

10/8-Self-Portrait Distortion Collages (Bring in a photo of you!)  
10/22-STEAM: Sound Distortion

**NOVEMBER: FANTASY**

11/5-Harry Potter/ Magician wands  
11/19-Recycled Jewelry/Keychains

**DECEMBER: SEASONS**

12/3-Folk Art Paintings  
12/17-Syrup Label Design/Branding

**JANUARY: ART AROUND THE WORLD**

1/14-Stonex Sculptures  
1/28-World Architecture & Design

**FEBRUARY: MOODS**

2/11-Design an Emoji  
2/25-Mood/Thermocolor Paint

**MARCH: TEXTURES**

3/11-Bubble Painting  
3/25-Found Object Prints/ Design

**APRIL: ART AND MATH**

4/8-Fun with Fractals  
4/22-Tessellation & Design

**MAY: THE ELEMENTS (EARTH, AIR, WIND, FIRE, WATER)**

5/13-Fun with Dry Ice  
5/27-Wind Art

## INNOVATION STATION: LAB AND MAKER SPACE

The Innovation Station is a platform to engage children and families in STEAM (Science, Technology, Engineering, Art and Math) through innovative, hands-on learning experiences. The station is a space where kids create, discover, investigate and invent. The station gives kids a chance to apply problem-solving skills, test and revise their ideas, collaborate, and have fun.

**Open Tuesday – Saturday, 10 am-1 pm**

**Physics Days** – ISU Faculty, Dr. Jay Ansher and students will provide hands-on demonstrations, experiments and more on new topics each month!

### THURSDAY, AUGUST 25: AERODYNAMICS

Ever wonder why a heavy airplane can fly high in the air? Or how a baseball pitcher can throw a curve ball? Join us on Physics Day to explore aerodynamics, the science of flight. The ISU Physics Club will help you with hands-on demonstrations and activities that will make your imagination soar!

### THURSDAY, SEPTEMBER 22: SCIENCE AT THE AMUSEMENT PARK

How many times do you think about science when you're riding a ride at the amusement park? It plays more of a role than you might guess! From roller coasters to ferris wheels to the log ride, physics is all around the park. Join the ISU Physics Club as they explore the science behind the rides with hands-on demonstrations and activities.

### THURSDAY, OCTOBER 13: ATOMS AND MOLECULES

Everything, everywhere, is made up of tiny objects called atoms. In just the last 100 years, scientists have begun to understand the tiny realm of atoms and molecules. The ISU Physics Club will be here with some hands-on activities that will shed some light on the bizarre world of the building-blocks of our universe.

### THURSDAY, NOVEMBER 10: SOUND

Sound travels as a wave. The ISU Physics Club will have hands-on activities that allow you to “see” music, and see your voice, and learn a little bit about how sound waves can be used not only to speak or sing, but even measure earthquakes!

### THURSDAY, DECEMBER 8: PHYSICS OF TOYS

A lot of basic science can be found in sports and toys. The ISU Physics Club does more than just study; they also like to play! They will bring some of their favorite toys along, so come and see what scientific concepts there are in their design and use on Physics Day!

### THURSDAY, JANUARY 26: WEATHER

Wind, sunshine, storms, and clouds all are part of basic physics and chemistry. Stop by as the ISU Physics Club presents some simple demonstrations that help explain the science that goes into your local weather forecast.

### THURSDAY, FEBRUARY 16: MOTION

From Aristotle to Galileo, many famous scientists had their ideas about motion. Why does it occur, and how do we measure it?? Join us as the ISU Physics Club presents some hands-on demonstrations of all kinds of motion: fast, slow, up and down, back and forth, straight lines, and in circles!

### THURSDAY, MARCH 9: LIGHT AND COLOR

Our eyes are the windows to our world, and the light that we see helps us make sense of what is around us. Come and explore light and color with the ISU Physics Club through hands-on activities. You'll see how light behaves, how a rainbow is formed, and meet the famous ROY G. BIV!

### THURSDAY, APRIL 6: CONSERVATION OF ENERGY

Energy is one of the central ideas in science and has many different forms. Join ISU's Physics Club and discover how the Sun creates its heat and light, how energy is used in our bodies, and why energy does not really disappear when it's “gone”.

### THURSDAY, MAY 4: ELECTRICITY

How does the electricity from the power plant get to that outlet on your wall? How is electric current related to the atom, and what is it MADE of?? On Physics Day at the CDM, with hands-on activities and demonstrations, you can explore the nature and behavior of electricity in a fun, safe, and \*shocking\* way!

# INNOVATION STATION FREE FAMILY SCIENCE PROGRAMS

## Select days 10am-1pm

Bring the whole family to investigate, explore and discover during these special STEM programs. These programs are free with paid museum admission. Children under 16 years of age must be accompanied by an adult.

### WILDLIFE DAY

Every species of wildlife serves a purpose, come learn about unique species and how they help us!

**Date:** Saturday, September 3

### TALK LIKE A PIRATE DAYS

Ahoy! Try t' see how much booty your mighty ship can hold before it sinks into t' deep waters!

**Date:** September 20 – 23

### NATIONAL YOUTH SCIENCE DAY

*Presented by University of IL Extension and McLean County 4-H.*

We will be hosting interacting, hands-on science activities and special guests!

**Date:** Wednesday, October 5

### EARTH SCIENCE WEEK

Join us as we “visualize Earth’s systems” by learning more about the geosciences with special guest presenters.

**Date:** October 11 - 14

### FAMILY CHEMISTRY WEEK

Celebrate National Chemistry Week with fun experiments everyone will love!

**Date:** October 18 – 22

### HALLOWEEN MAKERSPACE

Calling all Goblins, Ghosts and Monsters! Creep, float or crawl over here! Fright Night is almost near, make your costumes accessories for all to fear!

**Date:** Saturday, October 29

### MICKEY MOUSE'S BIRTHDAY!

Mickey Mouse turns 88 this year! Come learn the history of how the most famous mouse came to be.

**Date:** November 15 – 18

### AMERICA RECYCLES DAY

Recycling is an important part to conserving our environment! Join us to learn different ways you can help!

**Date:** Saturday, November 19

### MAPLE SYRUP DAY

This sweet treat is enjoyed by all! Learn how syrup is made and make yourself a delicious treat!

**Date:** Saturday, December 17

### ELVES' MAKE SHOP

Calling all toy makers! We will be featuring toy making stations like tops and jack in the boxes!

**Date:** December 6, 7, 9, 13-16, 20-23

### KID INVENTORS DAY

What do popsicles, television, and trampolines have in common? They were all invented by kids! Learn how kid inventors have impacted the world and build your own invention prototype in our Maker Space!

**Date:** Tuesday, January 17

### THANK A MAILMAN DAYS

Sending a note or package to a special friend? How far does the mail have to travel? Explore the postal process and help us say thank you to our neighborhood mailmen and mailwomen!

**Date:** January 31 – February 4

### CELEBRATE YOUR HEART

Come celebrate National Heart month as we explore the ins and outs of our heart and investigate its circulatory system.

**Date:** February 14 – 18

### FAMILY ENGINEERING WEEK

Celebrate National Engineers Week and explore, discover, investigate and create together! Families will enjoy a variety of hands-on activities, engineering challenges and tinkering stations encouraging kids to be critical thinkers.

**Date:** February 21 – 25

### BUBBLE MANIA

Why are some bubbles round? What is the best bubble solution recipe? Can you make a square bubble? We will explore these questions, and of course, blow lots of bubbles!

**Date:** March 1 - 4

### PI DAY CHAIN CONTEST

This is an annual celebration of pi the mathematical constant. This year we will be constructing an infinitely long representation of this infinite number!

**Date:** Tuesday, March 14

### AG WEEK

Agriculture is very important to our community! Learn how agriculture affects our daily lives with hands on activities!

**Date:** March 21 – 25

### NANO DAYS

Delve into the world of the very, very small as we investigate Nanoscale Science and Engineering! Discover how nanoscale science and engineering affects our daily lives as well as the development of amazing new applications for the future. Investigate the macro, micro and nanoscale through hands on activities.

**Date:** March 28 – April 1

### ROBOTICS WEEK

Learn history of the robots in the environment around us and some of their top leading industry uses! Explore the evolution of robots in the movies and invent your own robot creation!

**Date:** April 4 – 8

### COUNT DOWN TO EARTH DAY

Show your support to protect the environment and see what you can do to make a difference.

**Date:** April 18 – 22

### HARRY POTTER DAYS

The Battle of Hogwarts was a conflict that signified the end of the Second Wizarding War. It took place in the early hours of May 2 1998, within the castle and on the grounds of Hogwarts School of Witchcraft and Wizardry. Come explore this great wizarding world with special activities.

**Date:** May 2 – 5

### NATIONAL LAB DAY

Explore our various lab materials and the scientific process with fun, hands on experiments!

**Date:** Friday, May 12

# INNOVATION STATION WORKSHOPS

Join us for these special maker and tinkering workshops held in the Maker Space. Some are just for kids and others include adults and children together!

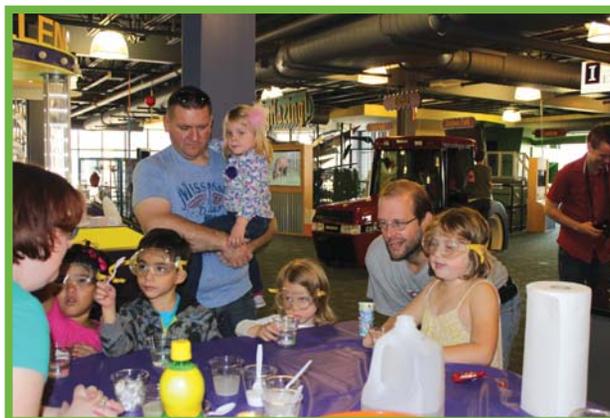

*Age: Families with children 5 years old and above  
MIN 8/MAX 24*

**FROM THE GROUND UP:** Have you ever thought or wondered about designing and finishing a building? Architects and other professionals use many techniques and tools to design and build offices and homes. Come plan and explore while we turn a blank slate into a house.

**Date:** Saturday, September 10      **Time:** 2:00-4:00 pm

**Material Costs:** \$4 members  
\$6 non-members per person

**Activity #** 909415-01

**HALLOWEEN PROPS:** Create witches, skeletons and goblins that move by articulation. Learn about all the types of joints you can use to make things move! Make them as spooky or as fun as you want.

**Date:** Saturday, October 15      **Time:** 2:00-4:00 pm

**Material Costs:** \$4 members

# CONSTITUTION TRAIL

The Constitution Trail is a 45 mile, hard-surfacetrail through the Twin Cities that has been developed for walking, hiking, jogging, and biking. It provides the community with another leisure use facility for the entire family. Trash receptacles, picnic tables, shelters, restroom facilities, and benches are available at various locations along the trail.

The north-south segment of the trail follows the abandoned Illinois Central Gulf (ICG) railroad from 1850 North through Uptown Normal to just south of Oakland Ave., in Bloomington. The east-west segment begins just south of Normal Parks and Recreation Annex and continues east to the Towanda Barnes Road in Bloomington.

### TRAIL RULES AND REGULATIONS

- Open daily from one hour before sunrise to one hour after sunset.
- All forms of motorized vehicles are prohibited (except for emergency and maintenance).

**Cancellations with two weeks notice or less are subject to loss of deposit and/or loss of a percentage of fees paid.**

# AQUATIC FACILITIES

## FAIRVIEW FAMILY AQUATIC CENTER Fairview Park, 801 N. Main St.

The Fairview Family Aquatic Center is one of the premier aquatic facilities in Central Illinois. The aquatic center features four pool areas and a total of six water slides. Among these are a tube slide, body slide and the incredibly fast speed slide that all drop you from a height of 35 feet.

For the younger children, the facility has a fantastic splash pad area with over a dozen features that provide endless entertainment. FFAC also includes a zero depth activity pool, a full service concession area, and an area that is roped off during the day for lap swimming during public swim hours.

## ANDERSON AQUATIC CENTER 100 S. Maple (off E. College)

The Anderson Aquatic Center offers a variety of exciting swimming opportunities for all ages. The facility includes a 6-lane lap pool that ranges from 4'-12' with a diving board, a second pool with two thrilling water slides, and a third, shallow water kiddie pool comprised of low and high volume water spray toys, a small submarine slide, and a 20' long body slide.

The facility also provides places to relax in the sun or enjoy the shaded areas around the deck. Two family changing rooms and a private birthday party room are also available. A concession area offering ice cream, fountain drinks, popcorn and packaged candy is also on site.

Reservations for private facility rentals and birthday parties will be taken at the Normal Parks and Recreation Department beginning the 1st weekday in March until the Friday prior to Memorial Day.

All reservations after the pools open for the season must be made at the aquatic facility being reserved.

For reservation information before the pools open, contact the Normal Parks & Recreation office at (309) 454-9540.

**Season pool passes go on sale March 1st  
Get an Early Bird Discount on each individual pass if you purchase before May 5th!**

# SAFETY TOWN

Safety Town is for 'young drivers' to ride bikes in a safe, low traffic area. It is very 'kid friendly,' with miniature signs, small scale roads and its own play equipment. The miniature fire truck is popular for kids of all ages.

The facility is available to the public during regular park hours or can be rented for birthday parties or private rentals. Safety Town Depot is a shelter that can hold 50 people and can be reserved. Restroom facilities can be accessed at the rear of Fire Station #3.

**Reserve facility for 2-hour rental \$20.00.**

# THE NORMAL THEATER

The Normal Theater is committed to giving audiences the classic cinema experience, from the golden age of Hollywood to modern pop culture favorites & all points in between. With state-of-the-art projection and sound, an affordable ticket price, and lush surroundings, movie-going is an event at the Normal Theater.

While remaining committed to giving audiences the opportunity to see classic films as they were meant to be experienced, the Normal Theater has been expanding its programming to include more live entertainment. The theater hosts music and comedy acts in addition to staged readings and other theatrical programs to serve as a cultural hub for Uptown Normal.

The Normal Theater... it's an amazing place to experience film and other community events!

Visit [www.NormalTheater.com](http://www.NormalTheater.com) or call (309) 454-9722 for film listings and show times.

Tickets are \$7 for general admission and \$5 with a valid student ID.

Visit us at [Facebook.com/NormalTheater](https://www.facebook.com/NormalTheater) and be the first in the know for all programming announcements.

## BE A VOLUNTEER

The Normal Theater operates on a non-profit basis, and volunteers are needed to staff various positions. Volunteers get to see free movies and get a chance to witness first-hand the operation of an authentically historic movie theater. You can volunteer as often as it fits in to your schedule.

If you would like to volunteer, call the Normal Theater at (309) 454-9720 to obtain an application, or pick one up the next time you're at the theater. You must be at least 17 years old to volunteer.

## GIVE NORMAL THEATER GIFT DOLLARS

Sold in one dollar increments, Normal Theater Gift Dollars can be used to buy tickets, concession items or souvenir items at the Normal Theater. This is a great gift idea for your special movie buff on their birthday, anniversary, as a Christmas gift or for any other special occasion. Gift Dollars can be purchased at the Normal Parks and Recreation Office, 100 E. Phoenix Ave. (M-F from 8:30 am to 5 pm) or at the Normal Theater during regular movie showing hours.

## CONSIDER THE NORMAL THEATER FOR YOUR NEXT EVENT

The Normal Theater is available to rent for virtually any occasion. Whether you're interested in a screening of your new film or a unique meeting location, the Normal Theater can accommodate your group of up to 375. With built in digital projection capabilities, an upgraded lighting and PA system, and a permanent stage with auditorium-style seating, the Normal Theater will make your event a memorable one. And if you want to arrange for a screening of your favorite film for a party, we can make that happen as well. For more info or to see the space, contact us via our website at [NormalTheater.com](http://NormalTheater.com)

Check out our [Dress Up Movies](#) on page 32.

## UPCOMING EVENTS

### AT THE NORMAL THEATER

#### Tuesday Night Classics Series

Join us at least twice every month for our Tuesday Night Classics Series. This series is dedicated to the golden age of Cinema, and features a mixture of popular favorites and forgotten gems from the height of early 20th century filmmaking. For the lineup, check out the theater's webpage or follow us on Facebook.

### THE LATE SHOW

**Friday nights at 10:30 pm** we present The Late Show, a series of pop culture & cult favorites. From 80's hits to 50's Sci-Fi B-Movies, this series is for the popcorn connoisseur in all of us. Check out the lineup on the theater's website, and suggest titles on our Facebook page.

### MONDAY NIGHT COMEDY & MUSIC

### THE MANHATTAN SHORT FILM FESTIVAL Sept 29-Oct 2, 2016

MANHATTAN SHORT is not a touring Festival; rather, it is an instantaneous celebration that occurs simultaneously across the globe, bringing great films to great venues and allowing the audiences to select their favorites by voting the night of. The winners will be announced the week of October 3, 2016.

# THE NORMAL THEATER

## THE NORMAL SHORT FILM FESTIVAL

The Normal Theater is pleased to introduce the Normal Short Film Festival, taking place on Saturday, October 22, 2016. This festival is an opportunity for filmmakers to screen their shorts (films 15 minutes or less), be recognized for their accomplishments, and gain exposure to a broad audience.

The festival is being held in conjunction with the Route 66 "Miles of Possibility" Conference. Film submissions should be inspired by Route 66 and its sense of discovery and possibility.

Interested filmmakers can submit their films through Friday, September 16, 2016 at 5 pm. Physical or digital submissions of films will be accepted. DVD and Blu-Ray submissions must be postmarked by September 15, 2016, and can be sent along with this application to Adam Fox at 100 E. Phoenix Avenue in Normal, IL 61761. Filmmakers will be notified no later than October 7 if their film will be included in the festival screenings on October 22.

### A juried panel will award three prizes:

- **First place (\$500)** • **Second place (\$250)** • **Third place (\$100)**

Those in attendance at the festival screenings on October 22nd at 7:00pm at the Normal Theater will also have the opportunity to vote for their favorite film and award it the Audience Choice Award, with a cash prize of \$500. Winners of all prizes will be announced at a reception immediately following the festival screenings.

Join us in celebrating the Children's Discovery Museum's Hello From Japan! traveling exhibit with a film festival for all ages. Tickets for each film are just \$7 for adults and \$5 for students or those under 13 years of age. For more on these titles please visit us at [www.NormalTheater.com](http://www.NormalTheater.com).

## FRIENDS OF THE NORMAL THEATER

Help support the Normal Theater in bringing you the kind of film entertainment not found anywhere else in the community. Your annual membership contribution to Friends of the Normal Theater is vital to our continued operations. Your gift will assist us in getting a variety of classic, independent and world cinema programming, and help us maintain the quality you can expect from the Normal Theater.

Friends of the Normal Theater receive complimentary admission to our Tuesday Night Classics series, which features a mix of popular favorites and forgotten gems from the height of early 20th century film-making. Generally on the first and third Tuesday of the month (though sometimes more often), this is a great way to experience a film from the Golden Age of Cinema in a theater from that era. There will be times where a Classics title will also play on another day of the week, but Tuesday is the day you may attend for free. The full schedule for the Tuesday Night Classics series can be found at [www.normaltheater.com](http://www.normaltheater.com) or at [facebook.com/normaltheater](https://facebook.com/normaltheater).

**Remaining Tuesday Night Classics Dates for 2016 (all shows at 7pm): August 2 & 16; September 6 & 20; October 4 & 18; November 1, 15, 29; December 6, 13, 20.**

### Friends of the Normal Theater Membership Levels:

- \$50 or more - receives one complimentary admission to each Tuesday Night Classic
- \$90 or more - receives two complimentary admissions to each Tuesday Night Classic
- \$135 or more - receives three complimentary admissions to each Tuesday Night Classic
- \$180 or more - receives four complimentary admissions to each Tuesday Night Classic

## THE SIX WEEK FILM SCHOOL

This fall the Normal Theater presents a new series, The Six Week Film School. Each film in this series is free to attend, and you can engage in as much or as little of the additional content as you like. Over the course of six Wednesday nights in the fall & again in the spring, Illinois State University Associate Professor of Film & Drama William Thomas McBride will explore signature films from a specific genre or filmmaker. This fall, join us for Film Noir: Visual Style and Fortune, a look at a classic and stylistically distinct set of titles from the mid-twentieth century.

Wednesday, 9/21 at 7:00pm – THE MALTESE FALCON

Wednesday, 9/28 at 7:00pm – DOUBLE INDEMNITY

Wednesday, 10/12 at 7:00pm – MURDER, MY SWEET

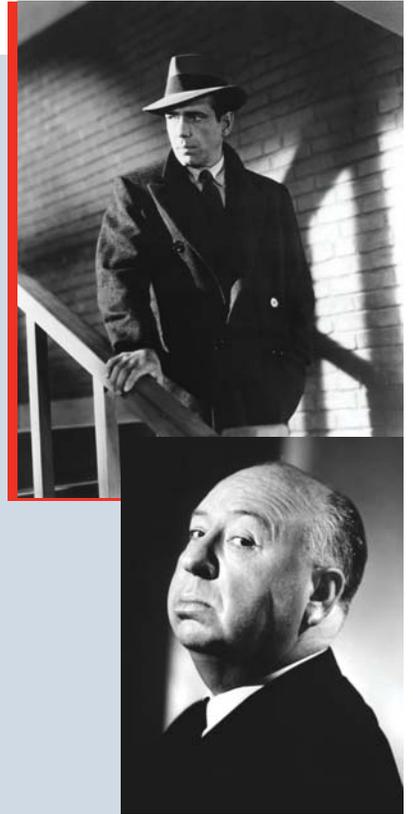

Wednesday, 10/26 at 7:00pm – THE POSTMAN ALWAYS RINGS TWICE

Wednesday, 11/9 at 7:00pm – OUT OF THE PAST

Wednesday, 11/16 at 7:00pm – CHINATOWN

Audience members are invited to a post-show discussion following each film, and supplemental materials will be made available prior to each screening to offer a little more context on the film you're about to see. We look forward to a great dialogue about Film Noir and films in general.

And save the date for Spring 2017 for our next entry in the Six Week Film School series, Alfred Hitchcock: Master of Style. Those films will be shown on consecutive Wednesdays from February 1st through March 8th, with exact titles TBA. For more information, please visit [NormalTheater.com](http://NormalTheater.com).

## THE ROCKY HORROR PICTURE SHOW

This October, the Normal Theater will once again partner with Illinois State University's Theater of Ted to present THE ROCKY HORROR PICTURE SHOW. With a full shadow cast performance in front of this cult-classic film, this is an experience not to be missed. And don't worry if you've never been before- a full Newbie Ceremony will precede every screening to make sure you can join in on all the interactive fun.

**For tickets and schedule information please visit [NormalTheater.com](http://NormalTheater.com).**

# DEAR GROWN-UPS 21+:

We are pleased to inform you that you have been accepted at Hogwarts School of Witchcraft and wizardry for a special evening of Divination, Herbology, and Potions. Classes will be held on Friday, October 21 from 7:00-10:00 pm.

Please meet us at King's Cross Train Station 9 3/4 inside the Children's Discovery Museum for your departure. The surrounding area is well protected by Memory Charms, so it will be safe to arrive in your wizard attire. If you prefer, you may come incognito and arrive dressed in the muggle manner.

We are looking forward to your arrival at Hogwarts. Please send your owl no later than October 12 to receive discounted tuition of just \$20. Tuition will be raised to \$25 for owls received after October 12. Should you be under watch by the Ministry and unable to reply by typical wizarding means, please feel free to stop by the Children's Discovery Museum to enroll or use the muggle telephone device and call (309) 433-3444.

Yours sincerely,  
Minerva McGonagall  
Deputy Headmistress
